

Taqwanus Cawthla (Wolverine Clan Walk)

Many have heard a spiritual calling to walk away from the corrupt destructive system that has deceived us and come back home in spirit, working together with all peoples to create a selfless, harmonious and sustainable future for all generations to come.

“Spirit” in ancient language means “connection to us”. Without knowing, we have lost our connection to spirit due to gradual displacement through measures of substitution intended for our alignment with the structure and order of In-CORP-ARE-AT-I-ON.

What is the Wolverine Clan?

Original peoples of these lands once had a Wolverine Clan, but they were wiped out through colonization and “assimilation” policies. We are living in a time prophesied by many different cultures and must all work together to return to the path of love and light, creating a world where our children’s children can live a healthy happy life. Peoples of the Salmon, as Original Peoples of these lands, have brought the Wolverine Clan back, as a way to be inclusive of all who are not originals of these lands. Through adoption into our Clan, we can all walk on these lands, sharing the abundance gifted by Creator.

After attending at least four meetings, you can be part of a ceremony where you walk off the Ship of Commerce, leaving the world of corporation and legal fiction behind.

The Clans of Original Peoples are represented by **birds and animals** within three elements: water, land and air. Turtle, eel and beaver, for example, represent water element; bear, wolf and deer represent land element; snipe, hawk and heron represent air element.

We are building our new communities, honouring our Ancient Ones and the traditions of the Original Peoples. We are implementing our self-governing ways of life, which have always been with us. Join us in creating all this in our Saa Saa Geithl (Cycle of Life)!
