

WSA Special Label Policy for Kanat'an Nationals

Instructions for uploading 3"x3.5" PotS Special Label to page 6 of WSA Passport

Kanat'an : Sacred Land **World Passport** is a WSA 30 page Machine Readable Travel Document (MRTD*) with alphanumeric code line, scanned-in passport photo and "ghost" image, security paper with embedded logo, data page laminated with hologram, available in 7 languages: English, French, Spanish, Russian, Arabic, Chinese and Esperanto.

Pages 6 and 7 of the World Passport allows Peoples of the Salmon to enter PotS Special Label of Affiliation or "*membership in a diplomatic corps or in an organization or firm*", in this case as Peoples of the Salmon of Kanat'an : Sacred Lands -- Kanat'an National.

"For example, an individual may be volunteering for an aid organization or reporting for the news media. The passport holder may have the aid or media organization place their stamp or seal on Pages 6 or 7 of the passport to confirm that the individual is traveling with or for that organization."

Passport holders must request the permission and follow the procedures of Peoples of the Salmon before having affixed or affixing oneself the PotS Special Label. Because the passport is the personal property of the individual to whom it is issued, the passport holder accepts full and sole responsibility for the PotS Special Label, and PotS Sovran Credentials (ID Card if also included) placed on Pages 6, 7 or any pages of the passport.

Upon a passport applicant or holder's request, for a fee of US\$30 per label/per page, and from the text and/or graphics personally provided by the passport applicant/holder, the WSA can add the text/graphic to Page 6, 7 or additional pages. The PotS Special Label is created "size as" per WSA specs of 3 inches wide by 3 and ½ inches tall (7.5 cm wide by 9 cm tall). PotS Sovran Credentials (ID Card) will most likely be considered as 2 additional labels scanned front and then back, saved as 2 separate graphics.

If for some reason a member saves the PotS Special Label as a different size, and graphics cannot fit on one label/page, an additional page will need to be used. If the graphics cannot fit on the two Affiliation pages, then Visa pages 8, 9, etc. will have to be used. In order for text and graphics to fit in the space allotted, the text and graphics may have to be reduced or compressed in size, potentially making the text or image difficult to read, decipher, or illegible.

At its own discretion, the WSA may refuse to place text, graphics, seals, stamps, labels, symbols, images, etc. that the WSA finds offensive, improper, disrespectful, that contradict the legitimacy or validity of the passport, and/or that are against the world citizenship purposes of the WSA.

Once a special label has been placed in the passport, lamination is used to cover the label(s). Occasionally, bubbles or air-pockets remain under the lamination.

Once the special label has been placed in the passport, should passport applicant or holder decide information, text, graphics, image, etc. need to be edited, changed or is incorrect; the WSA will need to issue a completely new passport. The passport applicant or holder will be obliged to pay passport replacement fees, IEV (if included) fee, IRP (if included) fee, and shipping fees.

By paying the US\$30 per label/per page Special Label issuance fee and/or by requesting that a Special Label(s) be affixed to the passport, the passport applicant or holder agrees to be bound by this policy and accepts full and sole responsibility for the contents of Special Label(s). Please note that the Special Label fee may change without notice. The WSA reserves the right to require a higher per label fee depending upon the complexity of the text, graphics, or images.

2. Login to the [Hub](#) to edit your "Profile" page to populate Sovran Credentials Card which fills all your instruments (follow online instructions).

 - Choose Tribe/Nation (email us if your tribe is not in the list).
 - Upload tribe, nation or your personal name or family trust crest. PNG transparent graphic is required for round or variable shaped crests. Square/rectangle graphics not necessary to be transparent.

World Citizenship is the recognition that our rights and duties extend to humanity and to the Earth as our planetary home. As world citizens, we carry our rights and duties with us wherever we are, and we know that the world we share already unites us.

The mandate for the World Passport is based on Article 6 and Article 13(2) Article of the [Universal Declaration of Human Rights](#):

“Everyone has the right to recognition everywhere as a person before the law.” (Art. 6)

“Everyone has the right to leave any country, including one’s own, and to return to one’s country.” (Art. 13.2)

The cover is blue with gold lettering. Each passport is numbered. Each page-background has the World Citizen logo. Pages 6-7 are reserved for affiliate identifications: diplomatic corps, organizations, firms, etc. 19 visa pages. Inside top back cover: put your Domicile address (be consistent to match all instruments including foreign address where name trust is established), next of kin, doctor, employer, driver license no., (recommend also getting a WSA *exit visa no., and *residency permit no.), and any additional national or international passport-identity numbers.

World Passport is designed to conform to nation-state requirements for travel documents. It does not indicate the nationality of its bearer, only their birthplace. It is a neutral, apolitical document of identity and potential travel document.

A passport gains credibility with its acceptance by authorities other than the issuing agent. The World Passport in this respect has a track record of over 65 years of acceptance. Currently, more than 185 countries have visaed it on a case-by-case basis. In short, the World Passport represents the one world we all live in. Everyone has the right to move freely in their natural birthplace, the Earth.

Attend our De Jure Governance Meetings early Sundays at 1-2PM PST for assistance and Eagle Vision News on Wednesdays 5-6PM PST. Links to live access are on the homepage.
